The Satanic Verses Explained

Is your identity really yours? Is it your own?

Or was it constructed from a book? As if you were a clone?

Your identity was taken from an old dirty closet. History bygone and alone.

Can you think for yourselves? The herd pack will eventually devour their own.

Why do you trust Muhammad when he was tricked?

Muhammad said, "Go worship the three Goddesses." Satan's lips.

The Satanic verses in the Quran prove Muhammad's words were torn to strips.

How can you tell people to worship Al-Lat, Al-Uzza, and Manat. The backflips.

The Quran has no chronological order. It's a hot mess.

Even the baby Jesus talks from the cradle. The madness!

Muslim's even say their Hadiths can be wrong or weak. The sadness.

You think you have free will and free agency. But your ignorant in badness.

Why don't Muslim men wear a niqab or a hijab? The hypocritical?

Women must have more control of their sexuality? The analytical?

Am I free to question and be critical?

Or have we returned to Nazism and the artificial?

Warring foreign countries and bad actors use Palestine like their whore.

Palestine and Gaza are already free. Let the mind be free to explore.

Gaza should throw down their foreign weapons and open a new door.

Gaza should show its independence and love. Stop being a backdoor.

Quran 53:19-20, Quran 19:29-33, Sound (sahih) Good (hasan) Weak (da'if) Khata' (Wrong)

How do you find meaning to your life?

Why are we here?

Why do we exist?

The alien medical experiment with a twist.

The pilgrimage to yourself is happiness.

Why does a lamb exist?

Do you think it has purpose? Mindfulness.

Are we helping to give purpose in blindness?

Living for the purpose of love and kindness.

We exist to live. To give. To filter our world with reflection.

Filtering our experiences through our culture. The dissection.

If your born into a religion does this mean you have no introspection?

Has your identity already been thought out for you. The lesson.

You wrap yourself up with religious garb.

This does not make you religious if you have a hateful heart.

I watched Muslim men and women lie and be hateful. Where do I start?

You can you tell yourself you are anything but the world laughs.

7,000 years into the future they will replay back your stupidity. Your hate!

How your intolerance of other cultures was a disgrace.

But it is not too late.

You can redefine your ideology that you value into a new fate.

I Exist

I exist to follow someone else's religious paradigm.

I am following in the footsteps of another's mind.

The Islamic prophet Muhammad had sex with a nine-year-old girl for mankind.

If this is the perfect life, I welcome hell. Allah is disgusting and unkind.

I am taught not to question. I can't leave my religion.

These words take away your autonomy. The discrimination.

You are abdicating your individuality and identity. The lesson.

Breaking free from Islamic religious oppression.

You break up with your God Allah. But what happens now?

Do indoctrinated people try to kill you in their breakdown?

Does your family banish you and tell you to never come around?

Or do you become a nominal Muslim and just thrown?

When you give up one religious identity do you need another?

Like two lovers secretly meeting in the night. The lover.

The emotions you feel will give you a new filter to discover.

You now have a choice my sister, my non-binary, my brother.

You can feel the emotions you are having with calmness or dread.

Attaching yourself to a religious identity. The narrative is dead.

Holy books like the Quran tell you to kill. Does this sound right, instead?

How do you know you haven't been set up? The comfortless.

Your Thoughts

Buddha taught us to liberate ourselves from attachments.

Everything changes. It comes and goes. Even happiness.

Your pain will always be with you, but your suffering is a choice. Sadness?

Will you choose acceptance and be open to the silence of nothingness?

Being unattached by history will improve your happiness.

You are a lotus flower, floating down a river of freedom. Away from crappiness.

Let the world go mad. It's their mind that creates the unhappiness. Intrepidity.

Be unattached by their anger, evil, and craziness.

Your transformation is beginning when you are free to think for yourself.

Or are you just another paradigm identity on a book shelf?

Devoid of change. Living in a forced evil hell.

When will you stick up for your mind and yourself?

Your intellectual ability is enlightenment when you seek something out.

When you open like a flower you are living in the now.

Ask yourself, is the reality I am living in somebody else? How?

If your reality is untrue? Do you have the right to question it? Breaking out.

Is inspiration calling to you. Is it speaking out. Have no doubt.

Be free of guilt. You control your suffering. You can shout out!

Don't let other people put you in a box. Don't become somebody else.

It is now time to help yourself out! Try doing it now.

But Adam grew bored of God's wantonness.

So, God begrudgingly created Eve. God was contemptuous.

God made Adam sleep!
